

# Naked

## Gob

It seems so hard to find a decent place outside  
With no need to hide you can speak your mind  
You can be honest and you don't have to pretend  
You could brave the day and wear a naked face  
But why do you loathe all your friends?  
Making cracks at their expense

If you choose a reason why it would probably make you cry  
While you fight with the still small voice inside  
You can read me like a book  
I guess there's nothing to hide  
There is nothing to hide
