# Breaking Down

## TRUSTcompany

I'm failing now
Starving for the answers
I'm slowing down
And losing ground
So how can I go on
When you're breaking down?
When you're breaking down
It's tearing me apart
So keep me strong while you're breaking down
'Cause I'm breaking down
I'm standing strong
Looking for the reasons
Somewhere, somehow
But I need you now
So how can I go on
When you're breaking down?
When you're breaking down
It's tearing me apart
So keep me strong while you're breaking down
'Cause I'm breaking down
I will promise to stand by you
Until this ends
I will promise to stand by you
Until this ends
So how can I go on
When you're breaking down?
When you're breaking down
It's tearing me apart
So keep me strong while you're breaking down
'Cause I'm breaking down
Save me now, how can I go on
When you're breaking down?
When you're breaking down
It's tearing me apart
So keep me strong, I need you to save me now
Save me now, save me now
'Cause I'm breaking down
