

How I Roll (Brexxi Glam-Step Remix)

Britney Spears

Burn it all down
Need to buy another round
Till they light up in the sound of the speaker
Knee socks
Need tequila on the rocks
Till you make your body pops to the speakerBurn it all down
Need to buy another round
Till they light up in the sound of the speaker
Show your knee socks
Put tequila on the rocks
Till you make your body pops to the speaker(I wanna go) downtown where my posse's at
(Because I got) nine lives like a kitty cat
(You wanna roll, that's how I roll)
(I wanna go) ding-ding when I hear that bass
(I'm gonna do) my thing if you wanna taste
(You better know, that's how I roll)Feel the earthquake
Gonna make your body shake
Till the seconds start to break in the speaker
Can we get flow
Helicopter in the sky
'Cause we turn it up high in the speakerIf you know what it takes to be my man
We can go make love together
You can be my fuck tonight
We can tear it up tonight(I wanna go) downtown where my posse's at
(Because I got) nine lives like a kitty cat
(You wanna roll, that's how I roll)
(I wanna go) ding-ding when I hear that bass
(I'm gonna do) my thing if you wanna taste
(You better know, that's how I roll)Shimmy shimmy oh
Shimmy oh shimmy hey
We could give them what they want
Or we could take it away
Try to love tonight
We can tear it up tonightIf you know what it takes to be my man
We can go make love together
You can be my fuck tonight
We can tear it up tonight(I wanna go) downtown where my posse's at
(Because I got) nine lives like a kitty cat
(You wanna roll, that's how I roll)

(I wanna go) ding-ding when I hear that bass
(I'm gonna do) my thing if you wanna taste
(You better know, that's how I roll)
