Lucky One

Nico Vega

Its so dark in here,
I can barely hear my voice in excrusiate
Pain its excrusiant
I'm the luck on oh they say, I'm the luck on e
Was born with a gift from God
And now its a gift so help meThe bridge is floating,
I cant get across, I know he looks down here
Hes here, yeah hes all hereWhat do I do with this? What do I do?
Will call and cry , cry and call and cry, scream offThe bridge is floating,
I cant get across, I know he looks down here
Hes here, yeah hes all hereThe bridge is floating,
I cant get across, I know he looks down here
Hes here, yeah hes all hereThis is it, yeah, this is it
Yeah here we are and if you still want more then you may not get a thing
And if you still want more then you ain't feeling itThis is it yeah this is it
Yeah here we are with the experience
If you still want more then you may not get a thing
And if you still want more then you ain't feeling it
