

Doin' Things (We're Not Supposed To)

Justin Guarini

Oh yeah,
Oh baby, yeah Let me say, I've been Jonesin' girl
And I've never been that kind
But anyway, you ain't knowing girl
Got me twisted out my mind Everytime that you are around
I forget about my responsibilites
Every second that I get, I'm using to connect
Until you say you'll be with me I'm willing to do everything I know I'm not supposed to
Anything it takes for me to show you
How I feel, I don't care
Whatever I gotta do, girl I'm getting through to you I'm willing to move
Anywhere you go I'm gonna roll with you
Quit my job and all we do is make love, all night
Oh yeah, we'll be doin' things that we're not supposed to So baby stay, girl I promised you
Put you first in my life
I'll throw away my list of things to do
Leave my commitments all behind Well I know, I shouldn't be dropping everything
But I can't help myself
'Cause I rather be with you, feel required to
Follow the rules like everybody else I'm willing to do everything I know I'm not supposed to
Anything it takes for me to show you
How I feel, I don't care
Whatever I gotta do, girl I'm getting through to you I'm willing to move
Anywhere you go I'm gonna roll with you
Quit my job and all we do is make love, all night
Oh yeah, we'll be doin' things that we're not supposed to Here's what I'm talking about
Blow off all my plans just so I can take you out
Call me up anytime you want 'cause I'll
Be a fan of yours, I'll fit you in my schedule Jump in the car, speeding down the avenue
Not a damn thing anyone can do
'Cause girl I'm not afraid to break the law
As long as I can do my time with you I'm willing to do everything I know I'm not supposed to
Anything it takes for me to show you
How I feel, I don't care
Whatever I gotta do, girl I'm getting through to you I'm willing to move
Anywhere you go I'm gonna roll with you
Quit my job and all we do is make love, all night
Oh yeah, we'll be doin' things that we're not supposed to I'm willing to do everything I know I'm not supposed
to

Anything it takes for me to show you
How I feel, I don't care
Whatever I gotta do, girl I'm getting through to you I'm willing to move
Anywhere you go I'm gonna roll with you
Quit my job and all we do is make love, all night
Oh yeah, we'll be doin' things that we're not supposed to We'll be doing things, baby
Making you say my name, oh, oh yeah
