

Take Me To Texas

[George Strait](#)

Take me to Texas 200 years ago
Where a pride rose from the ashes of San Jacinto
Still beats in every heart like a battle cry
Where I was born, where I was raised, so, when I die
Take me to Texas on the open range
The Rio Grande is in my veins
It's heaven there and so my prayer
Is that you'll take me anywhere in Texas
The only home I know
I'm a child of the Alamo
And the yellow rose
So when I go
Take me to Texas
Where my daddy worked
Where his blood and sweat and tears are still in that red dirt
Wild palominos run, cowboys are kings
And if I stray too far, I'll let my lone star dreams
Take me to Texas on the open range
The Rio Grande is in my veins
It's heaven there and so my prayer
Is that you'll take me anywhere in Texas
The only home I know
I'm a child of the Alamo
And the yellow rose
So when I go
Take me to Texas
There's something in the sky
And in your momma's eyes
So even if you try to move away
You'll end up on some road somewhere
With your thumb up in the air
When they ask you where you're headed, you'll just say
Take me to
Dallas, Ft. Worth to San Antone
Houston, Laredo, Galveston
Or Austin, maybe Abilene
The closest thing I've ever seen
To heaven's the Gulf of Mexico
I'm a child of the Alamo
And the yellow rose
So when I go
Take me to Texas
Take me to Texas
Oh, take me to Texas
Take me to Texas
