Be Good To Me

Sia

Yeah, ay, ayHe said, "Darling don't forget
There is sweetness left unearthed for you and me"
He said, "Honey, no regrets"
We just do our best and I,I just wanna cry
'Cause you'll beBe good to me, be good to me
I need you now more than ever
I'm faithful, me, and when you're down
I'll be around, I'll be your every weatherHe says, this is just today
It will be okay, and I, I am listening
He says, you can trust in me
You'll get all you'll need and how can I doubt you?
'Cause you'll beBe good to me, be good to me
I need you now more than ever
I'm faithful, me, and when you're down
I'll be around, I'll be your every weatherYou know what you do to me
You light up, you light up
The dark and you're all the good within me
My heart is filled, rebuiltBe good to me, be good to me
I need you now more than ever
I'm faithful, me, and when you're down
I'll be around, I'll be your every weatherBe good to me, be good to me
I need you now more than ever
I'm faithful, me, and when you're down
I'll be around, I'll be your every weatherBe good to me, be good to me
I need you now more than ever
I'm faithful, me, and when you're down
I'll be around, I'll be your every weatherBe good to me, be good to me
I need you now more than ever
