Caged and Disgraced

Six Feet Under

So many caged, caged and disgraced
Too many inside need to be out
So many caged, caged and disgraced
For doing nothing but pleasing themselvesFreedom is strength
They want to take it too
I need a place where I can do
What I want toSent away for being myself
Sent away for being me
I just want to live my own life
I just want to live freeSo many caged, caged and disgraced
Too many inside need to be out
So many caged, caged and disgraced
For doing nothing but pleasing themselvesFreedom is strength
They want to take it too
I need a place where I can do
What I want toFreedom is strength
They want to take it too
I need a place where I can do
What I want toHow can you judge how another one lives?
How can you judge how another one lives?
How can you judge how another one lives?
How can you judge how another one lives?It's victimless
It's victimless
It's victimless
It's victimlessHow can you judge how another one lives?
How can you judge how another one lives?
How can you judge how another one lives?
How can you judge? It's victimlessHow can you judge? It's victimless
How can you judge? It's victimless
How can you judge? It's victimless
How can you judge? It's victimless
How can you judge? It's victimless
How can you judge? It's victimless
