## Kalwi Remi

Na, na, na, na, na

Na, na, na, na, na

Na, na, na, na, na

Na, na, na, na, na, na, na

Marques Houston

Mattress music

Ooo, take one

Here we are, you and me, all alone in this room

Doing things that only grown folks do

I'm grabbing you, you grabbing me

Your body's here, I can't believe it, either one us can even breathe

Now I am like a rocket, going into orbit

And girl, you are the cockpit

So come let me explore it

Should we count down?

Down, down, down, 5, 4, 3, 2, 1

Explosion, explosion, explosion

Explosion, explosion, explosion

When are body's get to touchin'

Don't hold back

I love it when we're making contact

Explosion, explosion, explosion

Here we are, you and me, all alone in this room

Doing things that only grown folks do

I'll lick, lick, lick, lick, lick, lick, lick, lick, lick

Until I cover every inch of you

Now I am like a rocket going into orbit

And girl, you are the cockpit

So come, let me explore it

Should we count down?

Down, down, down, 5, 4, 3, 2, 1

Explosion, explosion, explosion

Explosion, explosion, explosion

When are body's get to touchin'

Don't hold back

I love it when we're making contact

Explosion, explosion, explosion

Feels like big bumps going all around ya

And everything's falling down around ya

Oh, baby, but we can't be fakes, see the look on your face  
And it's telling me that you love it  
Telling me that you need it, oh girl, here it comes again  
Explosion, explosion, explosion  
Explosion, explosion, explosion  
When are body's get to touchin'  
Don't hold back  
I love it when we're making contact  
Explosion, explosion, explosion  
Feels like big bumps going all around ya
