Another World

[The Vamps](#)

People like to talk,
But I can't understand a word,
They threw us to the wolves,
But I can't say I'm stronger now,
My back's against the wall,
I'm drifting door to door,
No I can't rest.

We just lay awake,
But tell me now is that just one big,
Stupid mistake.
Cause I can't get you off my mind,
I'm drifting day to day,
I just lay awake,
No I can't sleep.

I close my eyes,
And you are here,
With me tonight.

In another world,
Oh I know, I know, I know that,
You would be my girl
And nothing would tear us apart.
Another universe,
The stars would light the way for just the two of us
And nothing would tear us apart.

Oh-woah, in another world,
Oh-woah, just the two of us,
Oh-woah

A special place in time,
I'll put it in a bottle,
I'd go back there in my mind.
I'm up above the clouds 'til I come
Crashing back to earth.
Cause I know this can't work
Cause when it hurts

I close my eyes,
And you are here,
With me tonight.
Tonight.

In another world,
Oh I know, I know, I know that,
You would be my girl
And nothing would tear us apart.
Another universe,
The stars would light the way for just the two of us
And nothing would tear us apart.

Oh-woah, in another world,
Oh-woah, just the two of us,
Oh-woah,
And nothing would tear us apart.

I just close my eyes,
And you're here with me tonight,
And nothing would tear us apart.

I just close my eyes,
Can't get you off my mind.
And nothing would tear us apart.

In another world,
Stars would light the way for just the two of us
And nothing would tear us apart.

People like to talk
But I can't understand a word,
They threw us to the wolves.
