

# Escape

## Rush of Fools

Everybody crashes down  
Sometimes  
Everything comes falling down  
Sometimes  
I don't even know how,  
Or know why

### CHORUS

The thing I can't escape is You  
The promise that You made is You will pull me through  
You're never far away no matter what I do  
The thing I can't escape is You

At times I try to hide away  
From Your eyes  
At times I'm covered up in shame  
From my lies  
You sweep me into Your embrace  
And I cry

### CHORUS

It's You  
Your grace  
Irresistible  
It's true, it's true  
Your grace  
Irresistible

### CHORUS x2
