Waltz Real Slow

HTRK

i think i'm letting you go real slow
you never did me any good anyway
i think i'm ending this low
you always said you would go somedayyou're taking this bad i know i know
calm down and i'll be still so very still
oh come here out of the cold
this draft is making me ill so illand you keep on giving me one for the road
and you keep on telling me stories i know
and you keep on keep on or so i've been told
and you keep on giving me one for the roadwake me covered in one inch snow
wake me up before you go go go
you do prefer me still so very still
oh come here out of the cold
this drug is making me start to feel
and you keep on giving me one for the road
and you keep on telling me stories i know
