Let Me Go Home

The Alan Parsons Project

Yea yea
Ha ha ha
OohWaitin' till the sun goes down
Shadows walk in the night
Livin' in a fantasy in and out of dreams
Nothin' is the way it seemsLet me go home
I had a bad night leave me alone
Let me go home
I've had a hard time being on my ownEvery way I turn my eyes
Shadows pass in the night, uhh
Haunted by reality livin' out of dreams
Nothin' is the way it seemsLet me go home
I've had a bad night leave me alone
Let me go home
I've had a hard time being on my ownI'm waitin' till the sun goes down
Shadows talk in the night, huh
Living out a fantasy slippin' into dreams
Nothin' is the way it seemsLet me go home
I've had a bad night leave me alone
Let me go home
I've had a hard time being on my ownLet me go home
I've had a bad night leave me alone
Let me go home
I've had a hard night, yea oohLet me go home
I've had a bad night leave me alone
Let me go home
