Hello Little One

Luna

Hello, little one
And what can I say?
That you are not an angel
And I am not a saint
Wastin' all my money
On small town trinkets
I lost my silver spoon
And I won't be coming homeCarry on
Carry, carry on
I wonder who it is
Whisperin' in your ear
Hush hush little one
Let me back in your life
Take me to the morning
Pretending that I got it made
Cool lips to the bottle
To hell with everyone
