

Thriller - Single Version

Michael Jackson

Its close to midnight, somethin evils a-lurkin in the dark
Under the moonlight, ya see a sight that almost stops your heart
You try to scream, but terror takes the sound before you make it
You start to freeze, as horror looks you right between the eyes youre paralyzed

You hear the door slam, and realize theres nowhere left to run
You feel the cold, and wonder if youll ever see the sun
You close your eyes and hope that this is just imagination, girl
But all the while, you hear a creature creepin up behind, youre outta time

Theyre out to get you, theres demons closin in on every side
They will possess you, unless you change that number on your dial
Now is the time for you and I to cuddle close together, yeah
All through the night, ill save ya from the terror on the screen, ill make you see

Darkness falls across the land, the midnight hour is close at hand
Creatures crawl in search of blood, to terrorize yalls neighborhood
And whosoever shall be found, without the souls all gaining down
They unleash the hounds of hell, and rot inside a corpse shell
The foulest stench is in the air, the funk of forty thousand years
And gohtly gools from every tomb, are here to unleash your doom
And though you fight to stay alive, your body starts to shiver
For no immortal can resist, the deadly thought of thriller

Cause this is thriller, thriller night
And no ones gonna save ya from the beasts of the midnight
Thriller, thriller night
Youre fighting for your life inside the getta getta
Thriller, thriller night
Cause I can feel your heartbeat, its goin too fast
So lemme hold ya tight inside the getta getta

Cause this is thriller, thriller night
Girl I can feel ya better than any gools in the night
So lemme hold ya tight and share the getta getta
