Road To Hell

Sleigh Bells

Go away for awhile,
Cause you can?t,
Cause you can?t see this again
Take a break from your friends,
If you ever,
If you ever wanna see them again
Can you think for yourself,
Just once
You?re never gonna get back home,
Cause you?re gonna discover
Ah-ah
Alone on the telephone
Don?t run away
From me, baby
Just go away from me, baby (x2)

Road to hell (x8)
Go away for awhile
If you can,
You can be my only friend
When you?re tied to the bed,
Ah-ah-ah,
We can learn how to begin
Take apart this verse,
Again
If you?re so good at offense,
I can say these words again
If you know how to defend
Don?t run away
From me, baby
Just go away from me, baby (x2)
Road to hell
