Hellmachine

Motorjesus

Black skies in cities of God - You never feel the pain
Can you feel you're trapped inside the machine
Free yourself with a bullet - When i'm tryin' to scream
Is it all that you wanted - Stuck inside the in between
The walls of deceiving - The faith in believing
It's all you want - Can't hear you scream
Inside this hellmachine - Is all you said dead in between
Inside this Hellmachine
I blessed the demons - Of the other side
Staring, receiving the pain - Try to find new power
Resurrection unwinds - All you never wanted
It is all inside my mind
Forgiveness you drown in -Backstabber becoming
It's all you want - Can't hear you scream
Inside this hellmachine - Is all you said dead in between
Inside this Hellmachine
In here I am without protection And shadows everywhere
In here I stand burning and breathing - An unleashed reign of fear
It's all you want Can't hear you scream
Inside this hellmachineIs all you said dead in between
Inside this Hellmachine
Inside this Hellmachine
Hellmachine
