

In This Moment

Since October

Well, you deserve only the best in me
Without you, I've lost it all
I know I've taken for granted all these years
The things that seemed so small

And I've give anything for one more
Just one more try
To notice the things I'm holding onto
Right now in my mind

Cause I'm missing you tonight
(Til I finally close my eyes)
I'm caught up in this moment
So caught up, cause you're right here by my side

You always did bring out the best in me
That part of me has died
I know I couldn't even live my life
Without you, but I tried

And to think that I'm all you wanted
But you got all of me this time
And I'm ready to give this one more chance
As long as you're willing to try

Cause I'm missing you tonight
(Til I finally close my eyes)
I'm caught up in this moment
So caught up, cause you're right here by my side

And if I'm dreaming, it's alright
(Til I finally close my eyes)
I'm caught up in this moment
So caught up, cause you're right here by my side

So where do we go from here?
(Where will I go?)
Like tearing flesh, still the scars remain
The difference is so clear

And I'm breaking my fall when I'm risking it all
And my options are few and all I have is you
And that's all, yeah I'm chasing the call
But my patience is gone, now all these memories are coming back to me

Cause I'm missing you tonight
(Til I finally close my eyes)
I'm caught up in this moment
So caught up, cause you're right here by my side

And if I'm dreaming, it's alright
(Til I finally close my eyes)
I'm caught up in this moment
So caught up, cause you're right here by my side
