It's In Your Eyes

Sloan

you're so crazy, crazy for me
and I know just why, yeah I know just why
because I've got something so elusive
to the naked eye, to the naked eyeget your elevator off my ground floor
your elevator
and I guess my odd behavior
comes down to human nature
you're too good for this, you don't deserve it
and I can get behind anything you tell me to
and I believe about anything you say is trueit's in your eyes all the time, all the time
it's not hard to findand I guess my odd behavior
comes down to human nature
you're too good for this, you don't deserve it
and I can get behind anything you tell me to
and I believe about anything you say is trueyou're so crazy, crazy for me
and I don't know why, yeah I don't know why
