

# Don't Hesitate

## Squad Five-O

Don't act so uptight  
Don't shoot me down  
My patience is running out  
I need you here beside me  
I need your kiss  
Don't leave me here like this Make up your mind  
Sometimes you act so bored  
Like you don't care anymore, at all So, hey don't hesitate  
Don't keep me waiting  
Don't play your games  
Yeah, don't hesitate  
Time waits for no one When you hear me knockin'  
Outside your door  
Don't act surprised  
You know what I came here for  
I need to feel you tightly  
Wrapped 'round my bones  
Flesh to my flesh, soul to my soul So open the door, you're so uptight  
And time waits for no one Turn me on, don't turn me down
