

# Sodomanaz

## Zimmers Hole

Night as well go for a soda  
We're done with the bone-saw  
We're done with the knives...  
It's a good 'ol time if you don't mind the smell  
And you don't mind the flies...  
We're done with your body, we're done  
With the corpse  
And we plucked out the eyes...  
We're hangin' with dahlmer,  
We're usin' his oven  
We're roastin' your thighs...Night as well go for a sodomazz.. You got to get it together  
You bring the wine...  
We'll bring the weather  
We have'nt come to be clever  
Let's make it now or this could be never...We're gonna sodomataze ya tonite..  
We're gonna sodomanize ya all nite..  
Sodomatazz  
Sodomatazz  
Down on your knees, let's see your ass..ass..ass..Now that it's come to a showdown  
We won't allow a second to slow down  
The moment has come to deliver  
You as the taker.. we as the giver
