

Still (Re-Recorded In Stereo)

Bill Anderson

(Still)

Though you broke my heart

(Still)

Though we're far apart

(I love you still)(Still)

After all this time

(Still)

You're still on my mind

(I love you still)I've lost count of the hours and I've lost track of the days

In fact, I've lost just about everything since you went away

(I love you still)

Everything that is except the memories you left me

And that's one thing that no one can make I don't know who you're with, I don't even know where you've gone

My only hope is that some day you might hear this song

And you'll know, I wrote it especially for you

(I love you still)

And I love you wherever you are(Still)

After all this time

(Still)

You're still on my mind

(I love you still)This flame in my heart is like an eternal fire

For every day it burns hotter and every day it burns higher

(I love you still)

And I haven't been able to put out one little flicker

Not even with all of these tearsMy friends all think, I'm crazy and maybe I am

But I'll carry this torch just as long as I can

For someday you might just decide to come home

(I love you still)

And I want you to know, I'm still here(Still)

Though you broke my heart

(Still)

Though you're far apart

(I love you still)
