

# Light up My Room

## Kopek

Stay, stay till the morning comes  
Stay with me, stay till the morning comes, my love

'Cause I've been waiting for you  
Holding on for something to  
Waiting for someone to do it like you do

So come on love, come on light up my room  
You got to keep on rolling  
Fog in the darkness will not know

'Cause I've been waiting for you  
Holding on for something to  
Waiting for someone to do it like you do

And I just cannot look away, I'm staring  
Because there's nothing left to say, I'm mumbling  
I feel like things are going to change, my darling  
But there is something in the way  
It's smile was stumbling, stumbling down

So come on in, come on and feel my cold  
You got to keep on pouring till I say I've had enough

'Cause I've been waiting for you  
Holding on for something to  
Waiting for someone to do it like you do

And I just cannot look away, I'm staring  
Because there's nothing left to say, I'm mumbling  
I feel like things are going to change, my darling  
But there is something in the way  
It's smile was stumbling, stumbling down
