

That's a Pretty Good Love

Big Maybelle

Baby my love is deep (How deep?)
Deep as the bottom of the ocean (How pure?)
Pure as the new born baby (How bright?)
Outshine's the sun above
That's a pretty good love. Baby my love will last (How long?)
Long as life in my body (You swear?)
I swear to you on the Bible (When?)
Any old time you say
That's a pretty good love.
Baby, please come on home (Why?)
Wanna put my arms around you (Oh Yeah?)
Squeeze you till you're ol' black cold cream (That's black)
That's the way I feel about you
That's a pretty good love. Ain't nobody love you like I do
Honey I know just what to do
All your other women's tellin' whole lotta lies
'Cause when it comes to lovin', I'll open my eyes Baby, I love you so (Sho' nuff)
You got me beggin' and pleading (That's right)
Your love is all I need (Say more)
There's nothin' I wouldn't do
That's a pretty good love.
Ain't nobody love you like I do
Honey I know just what to do
All your other women's tellin' whole lotta lies
'Cause when it comes to lovin', I'll open my eyes That's a pretty good love.
That's a pretty good love.
That's a pretty good love.
