# I Believe

## Brian McKnight

Some people think they've seen it
But once they get in between it
They find out that it's not the way
They hoped and they prayed it would beThe stories are so dramatic
The endings are sad and tragic
You'll find yourself so far away
A distance that love could not reachIt's easy to find someone
A Mr. or Miss for right now
I'll promise you'll never leave
Someone you can't live withoutBaby I believe it's you
I don't care what other people say or do
It only matters what we have is true
And I believe it's you, oh baby I believeSome people say they have it
We need to find what they have is havoc
Like waking from a dream
And every clichÃ©, is trueIs it better to love somebody and lose
Than never to love somebody who
Doesn't feel like you do
Fairytales don't always come trueIt's easy to find someone
A Mr. or Miss for right now
I'll promise you'll never leave
Someone you can't live withoutBaby I believe it's you
I don't care what other people say or do
It only matters what we have is true
And I believe it's you, oh baby I believeHow do you think I find love
I wasn't sure till right now
I wasn't loud enough til you, til youBaby I believe it's you
I don't care what other people say or do
It only matters what we have is true
And I believe it's you, oh baby I believe it's you
Baby I believe it's you
