Let's Go Outside

Luke Conard

Let's go outside
Let's go outside
Outside's nice cause it goes worldwide
You never know where you might go
When you take your feet and your butt in toe
Outside sucks let's go back inside
Okay
We like things and so should you
Things are fun
Stupid kangaroo
So sing this song along with us
Or we'll throw a rock
So don't make a fuss
Let's go go go and just row row row
Lets make a song just you and I
We'll climb a chair and we'll never die
Cause faucet water is the water of gods
It's you and me
It's who we are
Look at me I play guitar
doorbell rings
Was that the doorbell
Who could it be
My names Jason and I'm angry at the world
Do you think you can afford me
I just teleported girl
I'm inside the house and I'm lookin for fun
Don't mess with me cuz I'm number one
I think I'm over Jason
Yeah I hate Jason
We like things and so should you
Things are fun
Kangaroo!
So sing this song along with us
Or we'll throw a rock
So don't make a fuss
Let's go go go and just row row row
Lets make a song just you and I
We'll climb a chair and we'll never die

Cause faucet water is the water of gods
It's you and me
It's who we are
Look at me I play guitar
I have a bowl of pineapple
Man I freaking love pineapple
Want to eat it?
No!
Let's go go go and just row row row
We'll climb a chair and we'll never die
Let's go go go and just row row row
Let's make a song just you and I
We'll climb a chair and we'll never die
Cause faucet water is the water of gods
It's you and me
It's who we are
Look at me I play guitar
It's you and me
It's who we are
Look at me I play guitar
Magic!
