WTF!

Saul Williams

I'm fighting every war at once and I'm winning
You can't think of me as you did in the beginningBy the time you hear this song you've gone wrong
Caught in the labyrinths of time in your mind
Unlearn, unwind but not to worry
There is no hurry, come unto me says sheYou've been polluted, uprooted by time
You have been muted, computed
But I'm a living vessel of the one
Of the moon, of the sunHey, you ain't as dead as you seem what the fuck?
Hey, but you keep living your lies
Hey, your life's a bore but you dream
Bring yourself to be yourself tonightI see evidence in how you hold your head
And I see evidence in how you say what's said
I see it in your eyes
That you've been hypnotizedYou've been polluted, uprooted by time
You have been muted, computed
But I'm a living vessel of the one
Of the moon, of the sunHey, you ain't as dead as you seem what the fuck?
Hey, but you keep living your lies
Hey, your life's a bore but you dream
Bring yourself to be yourself tonight
Bring yourself to be yourselfHey, you ain't as dead as you seem what the fuck?
Hey, but you keep living your lies
Hey, your life's a bore but you dream
Bring yourself to be yourself tonightBring yourself to be yourself
Bring yourself to be yourself
Bring yourself to be yourself
Bring yourself to be yourselfBring yourself to be yourself
Bring yourself to be yourself
Bring yourself to be yourself
Bring yourself to be yourself
