Hear Me Now

Roc 'C'

It wasn't always this feeling
But half the world
Can see it in your eyes
oh oh
Oh god i'm over here kneeling
It seems were fighting for truth with a lie
ah oh
I'm fallin over the edge with you
(over the edge with you)
You're fallin over the edge with me
(over the edge with me)
With me
Sometimes I wish it was easy
To leave the ones that we love behind
Oh ah
Oh god just help me believe it
It's so much harder to say goodbye
Ohhhh
I'm falling the edge with you
(Over the edge with you)
You're falling over the edge with me
(Over the edge with me)

WITH ME
oh woah oh woah
Can you hear me now?
Oh woah oh woah
Can you hear me now?
oh woah oh woah
can you hear me now?
Oh woah oh woah
Can you hear me now?
You got me sitting here pleading
Won't you please help me keep this alive?
I'm fallin over the edge with you
(over the edge with you)
You're fallin over the edge with me
(over the edge with me)
I'm fallin over the edge with you

(over the edge with you)
You're fallin over the edge with me
(Over the edge with me)
WITH ME
oh woah oh woah
Can you hear me now
Oh woah oh woah
Can you hear me now!
