Useless

Buzzcocks

Life's full of disappointments
Wonder where the good times went
Craving for recognition
Rather than accomplishmentNobody cares what your name is
And it's gonna stay that way
Everything is off the record
Face it, there's nothing to sayLife's only temporary
And then you fuckin' dieIt's a useless situation
Can't you see that I'm between
Patience and persuasion
Every single timeMingling amongst the masses
That much would be enough
He used to be my rival
Quit when the going gets roughI never witnessed the moment
When all you ever wanted was me
Understand, now the penny's dropped
Pissed off, bunny not happyDon't want to think about it
It makes me fuckin' madIt's a useless situation
Can't you see that I'm between
Patience and persuasion
Every single timeIt's a useless situation
Can't you see that I'm between
Patience and persuasion
Every single timeI never witnessed the moment
When all you ever wanted was me
Understand, now the penny's dropped
Pissed off, bunny not happyLife's only temporary
And then you fuckin' dieIt's a useless situation
Can't you see that I'm between
Patience and persuasion
Every single timeIt's a useless situation
Can't you see that I'm between
Patience and persuasion
Every single time
