

# Dancing Shoes

## Bunny Wailer

[Chorus]

Who's gonna dance with me tonight

We're gonna dance till our legs feel kind of tired

But we won't care 'cause we've got the blues

We've got a lot of rocking to do

We're putting on our dancing shoesWe're going skanking all night long

Just as long as they play our song

And this ya sound we can't refuse

We've got a lot of rocking to do

We're putting on our dancing shoesYou'll never love another song like this

It fills your soul

And this ya sound, you can't resist

It's got you in a holdNever in this world will ever be so much love

As between you and me my love

'Cause we ain't got no time to lose

We've got a lot of loving to do

We're putting on our dancing shoes[Chorus]We're going skanking all night long

Just as long as they play our song

And this ya sound you can't refuse

We've got a lot of rocking to do

Putting on our dancing shoesWho's gonna dance with me tonight

We're gonna dance till our legs feel kind of tired
