Daddy

Kelis

He has an appetite for sex and cash
He hangs on the corner talking trash
Or rollin', in his freak mobile
Mercedes Benz on 20 inch wheels
Gets calls all day on his cellular phone
From nasty girls they won't leave him alone
He's got 'em cryin' 'cause they can't see
Why he's in love with a girl like me
Innocent, kinda polite
The kinda girl that says her prayers at night
He picks me up everyday from school
And all my friends they just dream and drool
And on the way the music blasts
We hit my street he lets off the gas
Just before my house appears he pulls over and whispers in my eye
Hey little mama let me in your world
I just wanna see you be a nasty girl
I said love you up and love you down
Daddy wanna make love all around town
You scream, Ahhh
Come moan and moan and moan
Come moan and moan and scream
Come moan and moan and moan
Now take it back girl
My mom's met him my dad refused
Yesterday he brought me some shoes
Dolce & Gabbana and a bag made of Iguana
And a blazer and a chocolate tie
Get it blaze chocolate tie
So this kept on and it kept on
Like the beat don't stop until the break of dawn
C'mon
I can't help it
I just love the boy
I just love the boy
Wait a minute, oh
I can't help it
I just love the boy
I just love the boy

Oh no

I got shining things like diamond rings
And designer chains man the way I bling
Had teachers from school callin' home
Mr and Mrs Nice what the hells going on
I snatched a letter from your daughters desk
From her bad boyfriend who was talking fresh
How he wants to see her later today
Face to face so he can say
Hey little mama let me in your world
I just wanna see you be a nasty girl
I said love you up and love you down
Daddy wanna make love all around town
You scream, Ahhh
Come moan and moan and moan
Come moan and moan and scream
Come moan and moan and moan
Now take it back girl
(Malice)
But you gotta know that the dough comes first
Gotta know if you stray then no
There are no words
Ma look
I can see it in your face
Aw look
Thought I was a nice guy
Nah look
Said you'd never leave me love well
Are you sure that its me you love
Gotta ask 'cause I can't tell
If its me or the B-12
Hell its suspect but you'll swallow my pride
Now lets ride
I can't help it
I just love the boy
I just love the boy
Wait a minute, oh
I can't help it
I just love the boy
I just love the boy
Oh no
