

# Bad Nite

## Frank Stallone

I get up, it's too late  
I lay down, sit and wait  
I see the clock, it ain't time  
What I want, I can't find  
But I've been waiting for so long  
What I fear has comeIt's a bad night to be in love  
It's a fine line I'm walkin' on  
I got to give it up to someone else  
It's a bad night to be in loveI walk out, push and shove  
I speak up, I've had enough  
I see the clock tickin' time  
What I want I can't find  
But I've been waitin' for so long  
What I fear has comeIt's a bad night to be in love  
It's a fine line I'm walkin' on  
I got to give it up to someone else  
It's a bad night to be in loveCome on baby 'said treat me right  
You want to see me fall in love toniteIt's a bad night to be in love  
It's a fine line I'm walkin' on  
I got to give it up to someone else  
It's a bad night to be in love
