

# Pretend (Reprise)

## Lights

Once in a while I act like a child  
To feel like a kid again  
It gets like a prison  
In the body I'm living inBecause everyone's watching  
Quick to start talking  
I'm losing my innocence  
Wish I were a little girl  
Without the weight of the worldIt would be nice to start over again  
Before we were men  
I'd give, I'd bend  
Let's play pretendRemember the time  
We had soda for wine  
And got by on gratitude  
The worst they could do to you  
Was check your attitudeYeah, when fights were for fun  
We had water in guns  
And a place we could call our own  
How we lost hold of home  
I guess I'll never knowIt would be nice to start over again  
Before we were men  
I'd give, I'd bend  
Let's play pretendAnd when it's the end  
Our lives will make sense  
We'll love, we'll bend  
Let's play pretendIt's not going to be long  
Before we're all gone  
With nothing to show for them  
Stop taking lives, come on  
Let's all grow up again  
It would be nice  
To start over again  
Before we were men  
I'd give, I'd bendLet's play pretendAnd when it's the end  
Our lives will make sense  
We'll love, we'll bend  
Let's play pretend
