

Matchbox Blues

Blind Lemon Jefferson

I'm goin' to the river goin' walk down by the sea
Im goin' to the river walk down by the sea
I've got those tadpoles and minnows eyein' over me

Standin' here wonderin' will a matchbox hold my clothes
I was settin' here wonderin' will a matchbox hold my clothes
I ain't got so many matches but I got so far to go

Lord mama who may your manager be
Hey hey mama who may your manager be
Reason I ask so many questions can't you make 'rangements for me

I got a girl across town she crochet all the time
I got a girl across town crochet all the time
Baby if you don't quit crochelin' you're gon' lose your mind

I wouldn't mind marryin' but I can't stand settlin' down
I wouldn't mind marryin' but lord settlin' down
I'm gon' act like a preacher so I can ride from town to town

I'm leavin' town cryin' won't make me stay
I'm leavin' town eee cryin' won' t make me stay
Baby the more you cry the further you drive me away
