

Joystick

Simon Curtis

I can't count all the times that I had to say I'm sorry
For wanting something with a few more bits than my Atari

Don't play a game, boy
They said it would get old
But sometimes boys like me are curious
And can't be told no

You came along and had me saying
"What is this?"

Your sexiness had got me ready for the Genesis

Baby, grab a hold of the joystick

Take control of the motion

I can feel it when you huh-huh

Baby, you make all of the choices

Other players can join us

If you're feeling like you wanna play games

If you wanna play games [x7]

If you wanna play

Then I upgraded to Nintendo 64

And your first time with a joystick

Left you feeling like a who-ho-ho-ho

Hyper gamer, nothing greater

We can play all night

You'd better be some competition

'Cause I want a fight

Baby, grab a hold of the joystick

Take control of the motion

I can feel it when you huh-huh

Baby, you make all of the choices

Other players can join us

If you're feeling like you wanna play games

If you wanna play games [x7]

If you wanna play

I don't want you thinking

That I'm trying to apply pressure

But the pressure makes it better

Pushing harder makes it wetter

If you wanna skip a level

Then we'll go to level two

Just beat my boss and get me off
And then I'll play with you
You, you, me
Okay, just plug the damn thing in already
If you wanna play games [x7]
If you wanna play
Baby, grab a hold of the joystick
Take control of the motion
I can feel it when you huh-huh
Baby, you make all of the choices
Other players can join us
If you're feeling like you wanna play games
If you wanna play games [x7]
If you wanna play
