Maissouille

Today, moving downwards
Through my finger, fades tomorrow
But wait for me 'cause lines are forming
And words get clearer now
I'll borrow them from you
'Cause it's all I can do, yeah, yeah
Today, they shine like Jesus
And light of millions face our sorrows
But wait the lines are forming
And words get clearer now
I'll borrow them from you
'Cause it's all I can do
Cracked, charred, charred
You can't communicate
Dumb, dumb, dumb
Dumb, dumb, dumb
Cracked, charred, charred
You can't communicate
Dumb, dumb, dumb
Dumb, dumb, dumb
Stop mumbling
Wasted art, wasted art
