

# Walk On Me

**Ben Kweller**

Sometimes I wonder if you're still here  
Lookin out for anything that could fall and hit your head  
Fluorescent lights burn out in time dear  
We see the world in a different light, did you give up? Love ain't supposed to be this bad  
Make you cry mega ultra sad  
If I told you youre all I ever had  
Would you walk on me? Because I wouldn't walk on you If I was in your shoes, I wouldn't walk all over you  
So please don't walk all over me yeah, yeah  
If I was in your shoes, I wouldn't walk all over you  
So please don't walk all over me Right now I feel like its all ending, spit me out sell me cheap  
You'll never ever ever ever ever teach me to fly  
In the sky it's early and still mornin  
All those smiles you made wanted to cry, 'cause you gave up, that's right Love ain't supposed to be this bad  
Make you cry stupid shady sad  
If I told you, youre all I ever had  
Would you walk on me? Because I wouldn't walk on you If I was in your shoes, I wouldn't walk all over you  
So please don't walk all over me yeah, yeah  
If I was in your shoes, I wouldn't walk all over you  
So please don't walk all over me If I was in your shoes, I wouldn't walk all over you  
So please don't walk all over me yeah, yeah  
If I was in your shoes, I wouldn't walk all over you  
So please don't walk all over me, please don't step all over me, yeah
