Faster and Louder

The Dictators

Talk, talk, talk, talk
Keeps getting in the way
Speaking as a young artiste
Who has so much to saySo now you know my situation
Understand my aggravation
Building up so strong inside
'Cause I wanna make some noiseI can play faster and louder
I can dance faster and louder
I can live faster and louder
I'm a man, faster and louderFeel the need to express myself
Think I'll form a band
And call it Yazoo Squelch
Some say it's an abberation
I know it's my avocationStep aside and watch me fly
'Cause I'm gonna make some noiseI can talk faster and louder
I can eat faster and louder
I can screw faster and louder
I'm a man, I'm a man
Faster and louderI can scream faster and louder
I can jive faster and louder
Walk the dog faster and louder
Mow the lawn faster and louderJump back Jack, faster and louder
Get down Bernice, faster and louder
Hot pants
