The Depths

Of Mice & Men

Get up!

And here we go...
Now listen up I'll say a thing or two,
I bet I know something about you,
That you don't even know,
You don't wanna believe,
I know you're down for anything.
That's not what you're looking for,
There's not a reason to walk out that door,
And I don't even want you to sing,
I just want you to jump with me.

(I'm screaming)
My body's failing,
I think I've hit the floor,
I cannot feel anything anymore.
My body's failing,
I think I've hit the floor,
I can't remember anything, anymore.

And I'm gonna miss your face,
for a long long time (for a long long time)
And I can't escape this place,
it's in my mind (cause its in my mind)

And now that you don't even care,
I've got you inside the palm of my hand.
You don't really wanna get inside my head,
let's leave out all our skeletons.

The dead just like you will rise,
So come on life your voices towards the sky,
Now I want you to jump,
I want you to sing,
Now I want you to scream with me...

I've been put down for way too long,
"You'll never be good enough."
All they told me was just give up,

"You'll never be good enough."
I've been put down for way too long,
"You'll never be good enough."
All they told me was just give up,
"You'll never be good enough."

I'll never be enough!

Pushing me, pushing me, shut up!

Shut up!

I'm gonna miss your face,
I'm gonna miss your taste,
I'm gonna miss your face,
It's in my mind.

I'm gonna miss your face,
I'm gonna miss your taste,
I'm gonna miss your face,
It's all in my mind!

My body's failing,
I think I've hit the floor,
I cannot feel anything anymore.
My body's failing,
I think I've hit the floor,
I can't remember anything, anymore.
