Snakeface

Throwing Muses

Not another drive-in movie
You know you can't sit still
Move meSnake, snake
Face out an open window
Water in my eyes, beat me to it
Meet me here next timeOne more button undone
You talk too loud, I'm talking to you
Talk it into the ground
Move meSnake, snake
Face out an open window
Fire in my eyes, beat me to it
Meet me here next timeOne more button undone
Next week I'll be a lousy liar
Next time I'll say when you move me
