

# Leave Me Alone

Hugh Cornwell

Leave me alone  
Gimme some space  
Give it the zero  
Got out of my face  
Just take a powder  
Swallow it whole  
Just take a walk  
Out into nowhereLeave me aloneBeen here before  
It always ends up the same  
Got nothing to say  
It's all got to do with fame  
Give me a new road  
Tell me it's paved with gold  
Just take a flight  
Up into foreign skiesLeave me aloneDon't care what you do  
Seems like it's all the same  
Spare me your garbage  
Spare me your shame  
Go take a hitch hike  
Go take a B road  
Go take the dirt sleep  
Go carry the canLeave me alone
