

An Imagined Affair (Album Version)

Elbow

A sky as black as regret
Is rolling aside for the blue
Impossible face to forget
These feelings belong in a zooShe brings the morning
She brings the morning sunSo lost in the sound of her voice
I don't even hear the words
When she says come on get out
The past will find us out
Come on get out please
And don't breathe a wordShe brings the morning
She brings the morning sun
