

# Beautiful Day

## The Grafton Street Buskers

Someone is smiling, someone cries  
Whatever it is, it's alright  
Someone is born and someone dies  
Something is holding the light  
It's standing in the light now  
Standing in the light now  
Standing here right now for you  
Everything you do now  
Everything you are now  
Creating it right now for you  
It's a beautiful day, the sun's coming up  
The sun's going down for you  
It's a beautiful day and everyone says  
The world's turning around for you  
There is no need to be afraid  
There is no need to deny  
That everything is on its way  
Life's going on in your mind  
It's standing in the light now  
Standing in the light now  
Standing here right now for you  
Everything you do now  
Everything you are now  
Creating it right now for you  
It's a beautiful day, the sun's coming up  
The sun's going down for you  
It's a beautiful day and everyone says  
The world's turning around for you  
It's standing in the light now  
Standing in the light now  
Standing here right now for you  
Everything you do now  
Everything you are now  
Creating it right now for you  
It's a beautiful day, the sun's coming up  
The sun's going down for you  
It's a beautiful day and everyone says  
The world's turning around for you
