

Mercy On My Soul (feat. Warren Haynes)

Everlast

A trust betrayed a rusty blade standing on edge
I walked a line, paid my fine hope I know the ledge
Actual facts, unnatural acts, sins they take their toll
The angel and the jinn and the beast within, the fight to take control
Lord, have mercy on my soul
On my soul, on my soul, on my soul
Lord, I need ya like a junkie needs his drugs
Need ya like a baby boy needs his hugs
Need ya like a flower needs the sun
I need you like D.M.C needs Run
Lord, have mercy on my soul
On my soul, on my soul, on my soul
Love you like a Eskimos love the cold
Love you like a miner man love his gold
Love you like a fisherman love the sea
Love you like the flowers love the bees
Lord, have mercy on my soul
On my soul, on my soul, on my soul
Standing up tall on top of the wall
Hoping I can fly angel and the jinn
And the beast within' say I'm gonna die
Lord, have mercy on my soul
On my soul, on my soul, on my soul
