# Monster

## Abandoned Pools

Everyone's a genius
Brushing up on irony
But no, no one's free
Everyone's a salesman
Gushing with sincerity
Or so so it seems
I wanna go another round
I wanna blow the monster down
I wanna go another round
'Cos I am coming up
I am coming back
Everyone's a rock star
Look how cool and dark you are
Oh, what's become of me now?
We'll bust out the mission

We'll bust the holier than thee
Okay then we'll be free
I wanna go another round
I wanna blow the monster down
I wanna go another round
'Cos I am coming up
I am coming back
Lay me on the table operate on me
Spin me like a record scratch
The needle back and forth
I wanna go another round
I wanna blow the monster down
I wanna go another round
'Cos I am coming up
I am coming back
