Contagious

Trapt

I was sick of restrictions, sick of the boundaries
About to close the door
Such a lack of conviction, no real connection
What should I settle for?
But you caught my attention, you built on the tension
You left me wanting more
Now I don't know what to do with myself, do with myself
I don't want nobody else
I let you in, I let you in and you infected me
Can't get enough of you, can't get enough of you
I breathed you in, I breathed you in and now I'm in too deep
Don't think I'm pulling through, don't think I'm pulling through
Can't get enough of you, can't get enough of you
You're so contagious, running through my veins
You're so contagious, hanging onto every word
You're so contagious and I can't get away
You're so contagious and now I know for sure there is no cure
I saw your intentions, I gave you permission
Go ahead and start the war
I was out of addictions by my own admission
Oh, I've been keeping score
But you made an exception, you taught me a lesson
Who cares where I've been before?
You would never leave me all by myself, all by myself
You don't want nobody else
I let you in, I let you in and you infected me
Can't get enough of you, can't get enough of you
I breathed you in, I breathed you in and now I'm in too deep
Don't think I'm pulling through, don't think I'm pulling through
Can't get enough of you, can't get enough of you
You're so contagious, running through my veins
You're so contagious, hanging onto every word
You're so contagious and I can't get away
You're so contagious and now I know for sure there is no cure
And I am burning in your fire, there is no cure
And I have only one desire, there is no cure
Now I don't know what to do with myself, do with myself
I can not deny her, there is no cure
Now, I don't know what to do with myself

Do with myself, I don't want nobody else
I let you in, I let you in and you infected me
Can't get enough of you, can't get enough of you
I breathed you in, I breathed you in and now I'm in too deep
Don't think I'm pulling through, don't think I'm pulling through
Can't get enough of you, can't get enough of you, can't get enough of you
You're so contagious, running through my veins
You're so contagious, hanging onto every word
You're so contagious and I can't get away
You're so contagious and now I know for sure there is no cure
You keep running, you keep running
You keep running through my veins
(You're so contagious)
You keep running, you keep running
You keep running through my veins
(There is no cure)
You keep running, you keep running
You keep running through my veins
(You're so contagious)
You keep running, you keep running
You keep running through my veins
