

# Bored And Extremely Dangerous

## Bad Religion

With nothing better to do  
No one to come home to  
I woefully conclude  
To take it out on you  
I'm bored to the extreme  
This world of foolish dreams  
Disillusion  
I am not who I seem to be  
Yeah sure I might do harm  
and bear my right to arm  
Retribution  
If only someone would listen to me  
Listen to me  
Listen to me  
Listen to me  
Listen to me

A room an empty shelf  
A book on mental health  
I look for inner wealth  
A punish in myself  
I'm bored to the extreme  
This world of foolish dreams  
Disillusion  
I am not who I seem to be  
Yeah sure I might do harm  
And bare my right to arm  
Retribution  
If only someone would listen to me  
Listen to me  
Listen to me  
Listen to me  
Listen to me
