

Babylon

Soulfly

Lightning and thunder, fear and wonder
Murder and murder, chaos, disorder
Hate and pain will rise again
Nothing remains, bring it on again On and on and on and on
On and on and on inna Babylon
On and on and on and on
On and on and on inna Babylon Hell on earth like a curse
War is hell, time will tell
Apocalypse meets the final disease
Death now creeps the enemy within On and on and on and on and on
On and on and on inna Babylon
On and on and on and on
On and on and on inna Babylon United Nations, divided tensions
Body count rise while leaders lie
Desolation, separation
Sufferation, confrontation On and on and on and on and on
On and on and on inna Babylon
On and on and on and on
On and on and on inna Babylon Desolation, annihilation
Decapitation, separation
Murder nation, sufferation
Confrontation, retaliation Mutilation, devastation
Confrontation, too much tension On and on and on and on
On and on and on inna Babylon
On and on and on and on
On and on and on inna Babylon
