

Can't Get Back to the Baseline

Ocean Colour Scene

I want more than me and you
The more I want the more it scares me
I will put my faith in you
won't you be my missionary
I can't ... can't get back to the baseline
Had too much of waiting up
Had too much of things I tell you
It's the only way and it's love
Fill my cup oh I've said too much
I can't... can't get back to the baseline (2x)
I've been on freight train buzz
So I'm trying to tell you
the only thing I need is your love
But I can't...(4x)
I can't back to the baseline
It's the way of feeling good
It is all that's necessary
I guess that it's from above
I'm no fool but I guess too much
I can't... can't get back to the baseline (2x)
(Repeat chorus)
Fare you well and I will choose
When I've found it I will tell you
I belong to the same as you
won't you be my missionary
I can't... can't get back to the baseline (2x)
