

# Spinnin' Around

## Steve Swindells

You keep me spinnin' around

'Round, 'round, 'round, 'round, 'round, 'round, 'roundI was thinkin' 'bout yesterday, I was thinkin' 'bout our tomorrow

In a dizzy kinda sorta way, like vertigo

I've been trying not to figure out but it's driving me crazy

Well, you'd think I'd know by nowA is last, Z is first

Living life in reverse

'Cause that's the way it worksSpinnin' around I've got this funny feelin'

Turnin' my whole world upside down

I'll keep my heart, my eyes on you

'Cause you keep me spinnin' around, spinnin' aroundWhat we're doing doesn't have a sequel, don't wanna lose your balance

Oh, you know you gotta keep your equilibrium

Goin' backwards to go forward, all these definite maybe's

It's like running around in circlesMake it last, take it slow

Just forget what you know

'Cause that's the way it goesSpinnin' around I've got this funny feelin'

Turnin' my whole world upside down

I'll keep my heart, my eyes on you

'Cause you keep me spinnin' around, spinnin' aroundEvery now and then I feel your peacefulness surround me Then once again it all goes up and down

And over under 'round and aroundGo, go, go, jump, jump, go, go, go, J5

Spinnin around, oh, yeah, yeah

Upside down, oh, yeah, yeah, J5 in the house, hey

Jump, jump, jump, jump, jump, jumpTurnin turnin upside down, down

Cause you're spinnin, spinnin, spinnin me around, 'round

Go, jump, go, jump, go, jump, go, jump

Spinnin around, that's the way it worksTake it slow and not so fast, fast

Z is first and A is last, last

Up and down, all around, hey, hey

Turnin my whole world upside downOoh, yeah, it's not the take, it's the give

Yes, that's the way, okay, the way it isSpinnin' around I've got this funny feelin'

Turnin' my whole world upside down

I'll keep my heart, my eyes on you

'Cause you keep me spinnin' aroundSpinnin' around I've got this funny feelin'

Turnin' my whole world upside down

I'll keep my heart, my eyes on you

'Cause you keep me spinnin' around
